Calsoft® AOS Surfactant

Alpha Olefin Sulfonate

Oldie but Goodie

Built for today's sulfate-alternative & low-1,4-Dioxane home care formulas *(dish, laundry, and hard-surface cleaners)*

- **Proven performer:**
  - Broad pH stability, hard water tolerance, viscosity build with salt
  - Excellent detergency, mild, stable high-foam, expected to be readily biodegradable
- **Modern grades: choose your Calsoft® AOS flavor**
  - HP - Preservative-free & CleanGredients® listed
  - BZ - Preserved with benzoate
  - FS - Freeze-stable
  - 1245 – Good hydrotroping, low foam, low-temperature stability
- **Budget-friendly:**
  - Strong cost-in-use that won't surprise your Bill of Materials
